As an Opening Special

The makers have co-operated with us to give us the most extraordinary values of the season so far at this price.

As yet the straight line silhouette holds its own in popular favor, and the majority of the suits at this price emphasize the popularity of the plain tailored effect. Every new fabric is represented. The most popular new models are shown, such as—
BISCHOF-DEAN MODES COLONY CLUB SUITS AND PLAIN TAILORED EFFECTS. SPORTS MODELS

The colors seem to glow with the "Midas touch" as there is a golden tinge in many of the new shades, such as—

Honey, Spanish Gold and Tan; other shades include Chartreuse, Magenta, Gray, Navy and Black.

All sizes for the large, the small and the average woman.

Our Opening Special in Dresses at \$25.00

Might suggest the query—"How else can they come to the barrel without jumping in?"

The straight-pleated effects of the skirts and the new short waistline would almost persuade you into the belief that the makers are flirting with the new silhouette without quite approving of it, and have compromised.

Dresses at the above price are shown in materials for both street and evening wear, and are of Crepe de Chine, Taffeta, Georgette and combinations of materials. Touches of hand-embroidery and bead embroidery make them remarkably attractive.

The new shades include French gray, bisque, Chinese blue, rose, also plenty of black and navy. Sizes for misses 18 to 20 and for women to 46 bust.

Colorful Are the New Coats
In Our Opening Special at \$16.50

Materials are velour checks, plain velours, Jersey cloth, Poirer twills, all-wool cords and poplins.

Ten Stitches in the Time
To Make Seven

Which will you have? The ordinary sewing machine which takes the same time and more effort to make seven stitches than the

Standard Rotary Sewing Machine

does to make ten. The "Rotary" movement explains this valuable improvement over other sewing machines. Come in and let us explain this wonderful time-saver.

A Standard Rotary Sewing Machine makes both chain and lock stitch; easily and quickly changed from one to the other. Two sewing machines in one.

Once you try a Standard—no other will do.

In this age of hurry you want the machine that carries the odds of 10 to 7 every time.
